Gunsmithing Services

MG Arms is known for their Custom Guns – Did you know we have a vast array of services available? MG Arms has been in business for over 35 years and staffs 14 gunsmiths and 2 CNC machinists with more than 200 years of combined experience in all types of gunsmith work.

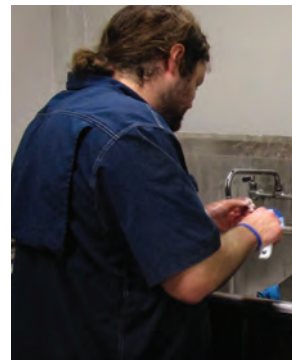

Whether you are having a trigger job done on a S&W Model 19, having a complete restoration job done on your Grandfather's old 22 or installing a new barrel on your favorite hunting rifle...MG Arms can do it all.

MGA offers **Gunsmithing and Repair Services** on all types of firearms. We can repair and replace broken parts to get your firearm working again. Obsolete parts are no longer an issue with CNC machinery capabilities.

MG Arms **Stock Department** not only forms composite stocks for our Custom builds but has the capability to form after-market composite stocks for most makes and models.

The **Finish & Coatings Department** offers "hot tank" Bluing, as well as, Parkerizing, and Ceramic and PTFE Coatings.
